Employment History

{ Freelance Developer }

// Prospect Training Services (Gloucester), August 2016 - October 2016

Field Court C of E Infant Academy

Employed on a freelance basis for the responsive web development of the redesign provided by Prospect Training Services (Gloucester) for Field Court C of E Infant Academy.

The website was developed using the Bootstrap responsive framework with integration of the Perch CMS to ease site administration and management.

{ Prospect Training Services (Gloucester) Ltd, Quedgeley }

// As Web & e-Learning Developer, July 2014 - June 2016

// As Senior e-Learning Developer, May 2010 - July 2013

Development of the SCORM 1.2 framework and e-Learning content, which was delivered over the company's bespoke LMS. The project was part of a partnership with Dean Holdsworth and the Non League Footballers Association.

Development of the SCORM 1.2 HTML 5 framework and e-Learning content, which was delivered over the company's bespoke LMS, for the Parents with Prospects GRADS programme. The project was part of a partnership with the Ohio State Education Board.

Development and testing of e-Learning content and administration, design and integration of the bespoke LMS for the FAW Online Coach Education website, which is part of the the Football Association of Wales.

Responsive front end web development, customisation and CMS integration on both FORWARDS Gloucestershire and St. James Church website redesigns.

Development of workflow automation tools for use with the iObserve and The Master Tactician apps.
